Max Fit Program -Wellness Benefit (Inbuilt benefit without any additional Premium)

On Accumulation of Healthy weeks

A Wellness Benefit is available in this rider with the objective of maintaining customer's good health and improving it. This is an in-built benefit available to life insured without paying any additional premium. The Life Insured is eligible for a discount on renewal premium by accumulating Healthy Weeks as per table given below:

Number of healthy weeks accumulated (first 11 months from policy anniversary or risk commencement date*)	Discount as % of Annualised Premium (For Regular Pay Variant)
0 to 12	Nil
13 to 26	5%
27 to 36	7.5%
Above 36	10%

*Any healthy week accumulated in the last month of a policy year will not be counted towards the calculation of discount.

Recording minimum 50,000 steps can accumulate one healthy week in a week, subject to maximum 15,000 steps per day.

Note

• For Limited Pay Variant, the discount shall be equal to the "Discount in Table above' multiplied by the 'Factor'. Here the 'Factor' shall be computed by the formula given below:

'Factor' = {1-1/1.055PPT}/ {1-1/1.055PT}

- Where PPT means chosen Premium Payment Term of the rider and chosen PT means Policy Term of the rider
- For example: In case of PPT 5 and PT 10 years, the Factor is equal to 57% and if the number of healthy weeks recorded are above 36 in policy year 1, customer shall be eligible for premium discount of 5.7% in policy year 2

Please note that Wellness Benefit is not available in variant 5 i.e. TPD benefit.

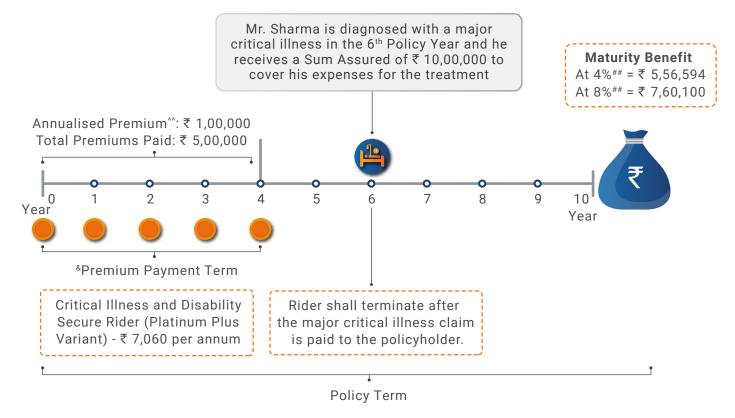

The above benefit is available only for the first 5 Policy years since inception. This benefit will not be available in case the rider is in lapse status and in case of reinstatement of rider beyond the first 5 Policy years. In case of reinstatement of the policy within the first 5 Policy years, the benefit will be applicable until the end of first 5 policy years since inception.

Annualised Premium means Rider Premium amount payable in a Policy Year excluding Underwriting Extra Premium and taxes, if any.

HOW DOES THIS PLAN WORK?

Mr. Sharma, aged 35 years, is a successful businessman with a risk-taking appetite. He aims to grow his business in the future. In order to achieve this, he purchases Max Life Flexi Wealth Plus Plan (Wealth Variant) with a Premium Payment Term of 5 years, a Policy Term of 10 years and an Annualised Premium of ₹ 1 Lakh.

While he wishes to achieve more, he also wants to ensure that he and his family stay covered against the financial risk that comes along with critical illnesses. So, he buys the Platinum Plus Variant of Max Life Critical Illness and Disability Secure Rider at ₹ 7,060 p.a. with a Sum Assured of ₹ 10 Lakhs. In the 6th Policy year, Mr. Sharma gets diagnosed with a major Critical Illness (It is assumed that the Critical Illness is one of the ⁸⁸64 Critical Illnesses under Max Life Critical Illness and Disability Secure Rider). Let's see how this plan works out for Mr. Sharma.

Maturity Benefit of the base plan will not be impacted due to rider premium

The above benefits are as per the below mentioned modal points:

Age: 35 years | Gender: Male | Critical Illness and Disability Secure Rider Variant: Platinum Plus | Premium Payment Term: 5 years | Policy Term: 10 years.

**Please note that the above assumed rates of return @ 4% and 8% p.a. respectively, for Balanced Fund, are only scenarios at these rates after recovering all applicable charges. These are not guaranteed and they are not the upper or lower limits of returns of the Funds selected in your policy, as the performance of the Funds is dependent on a number of factors including future investment performance. For more information, please request for your policy specific benefit illustration.
