No. of Days between lapse/RPU and revival	Late fee	Currently applicable revival Late fee*

>180	RBI Bank Rate + 3% p.a. compounded annually on due	9.75%

** Note: The current applicable revival late fee effective w.e.f. 1st July 2024 and is based on RBI Bank rate of 6.75% per annum prevailing as at 31st March 2024. The 'RBI Bank Rate' for the financial year ending 31st March (every year) will be considered for determining the revival late fee and the same shall be made effective w.e.f. 01st July every year. The revival late fee is revised only if the 'RBI Bank Rate' changes by 1% or more from the 'RBI Bank Rate' used to determine the prevailing revival late fee (reviewed on every 31st March). For further details and the revival late fee applicable as on date, please refer to our website www.maxlifeinsurance.com. - You producing an evidence of insurability at your own cost; and
- The revival of the policy shall take effect only after revival of the policy is approved by Max Life Insurance basis the Board approved underwriting policy and communicated to you in writing. Once the policy has been revived, all the accrued GA (if any) and benefits will get reinstated to original levels, which would have been the case had the policy remained premium paying all throughout.

If a lapsed policy is not revived within five years, the policy shall be terminated and no value is payable to you.

After a policy has acquired surrender value, the policy shall not lapse. In case of premium discontinuance, the policy will by default become Reduced Paid-Up (RPU). A RPU policy can be revived within a revival period of five years from the due date of first unpaid premium, subject to conditions mentioned above for revival of lapsed policy.

Once the policy has been revived, all the benefits will get reinstated to original levels, which would have been the case had the policy remained premium paying all throughout.

If a RPU policy is not revived within five years of it becoming RPU, then the policy cannot be revived and will continue as RPU for the rest of its Policy Term.

The 'RBI Bank Rate' for the financial year ending 31st March (every year) will be considered for determining the revival late fee.

On grounds of simplicity and operational ease, the late fee is revised only if the RBI Bank Rate changes by 100 bps or more from the RBI Bank rate used to determine the prevailing revival late fee (reviewed on every 31st March).

As the interest rate will be reviewed at the beginning of each financial year, any change in revival late fee will be applicable from 1st July to 30th June to allow sufficient time for making changes in the policy administration system.

The current revival late fee is based on RBI Bank rate of 6.75% p.a. prevailing as at 31st March 2024 plus relevant margins stated in the table above.

Any change in the basis of determination of revival interest rate will be done only after prior approval of the Authority.

Any change in methodology to derive the revival rate of interest shall be with prior approval from IRDAI.

For the avoidance of doubt, the Policy cannot be revived beyond the Policy Term.

Revival is not applicable for Gold variant.

The loan interest rate is reviewed on 31st March of every year and any change in loan interest rate will be applicable from the following 1st July to 30th June period to allow sufficient time for making changes in the policy administration system.

For reference, the existing loan interest rate is 9.75% p.a. compounded annually and is based on the RBI Bank rate of 6.75% p.a. prevailing as at 31st March 2024 plus a margin of 3%.

Please note that any change in the basis of determining policy loan interest rate shall be made by the Company with prior approval of the IRDAI.

- (2) A policy of life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground of fraud:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees of the insured the grounds and materials on which such decisions are based.

Explanation I – For the purposes of this sub-section, the expression “fraud” means any of the following acts committed by the insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy:

- a) the suggestion, as a fact of that which is not true and which the insured does not believe to be true;
- b) the active concealment of fact by the insured having knowledge or belief of the fact;
- c) any other act fitted to deceive; and
- d) any such act or omission as the law specially declares to be fraudulent.

Explanation II – Mere silence as to facts likely to affect the assessment of the risk by the insurer is not fraud, unless the circumstances of the case are such that regard being had to them, it is the duty of the insured or his agent, keeping silence to speak, or unless his silence is, in itself, equivalent to speak.

- (3) Notwithstanding anything contained in sub-section (2) no insurer shall repudiate a life insurance policy on the ground of fraud if the insured can prove that the mis-statement of or suppression of a material fact was true to the best of his knowledge and belief or that such mis-statement of or suppression of a material fact are within the knowledge of the insurer:

Provided that in case of fraud, the onus of disproving lies upon the beneficiaries, in case the member is not alive.

Explanation – A person who solicits and negotiates a contract of insurance shall be deemed for the purpose of the formation of the contract, to be the agent of the insurer.

- (4) A policy of the life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground that any statement of or suppression of

a fact material to the expectancy of the life of the insured was incorrectly made in the proposal or other document on the basis of which the policy was issued or revived or rider issued:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees of the insured the grounds and material on which such decision to repudiate the policy of life insurance is based:

Provided further that in case of repudiation of the policy on the ground of misstatement or suppression of a material fact, and not on the ground of fraud, the premiums collected on the policy till the date of repudiation shall be paid to the insured or the legal representatives or nominees of the insured within a period of ninety days from the date of such repudiation

Explanation – For the purposes of this sub-section, the mis-statement of or suppression of fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer, the onus is on the insurer to show that had the insurer been aware of the said fact no life insurance policy would have been issued to the insured.

- (5) Nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.

Prohibition of Rebates: Section 41 of the Insurance Act, 1938 as amended from time to time states:

- (1) No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer:
