**1. BENEFITS**

**1.1. DEATH BENEFIT**

1.1.1. If the Policy is in force and is not under Reduced Paid Up Mode, then, upon death of the Life Insured, during the Policy Term, We will pay "Guaranteed Death Benefit" to the Claimant which will be highest of the following:

- a. For Single Premium Payment Variant – 1.25 times of the sum of single Premium and Underwriting Extra Premium, if any; For all other Premium payment variants – 10 times the sum of Annualised Premium and Underwriting Extra Premium, if any; or
- b. 105% of sum of Total Premiums Paid, Underwriting Extra Premium and loadings for modal premiums, if any, received till the date of death of the Life Insured; or
- c. "Absolute Amount Assured to be Paid on Death" which shall be the Sum Assured payable as per the Cover Option chosen by You.

1.1.2. The Claimant will have the option to choose from one of the following payout options at claims stage. In case no payout option is selected by the Claimant, then the payout option 1 (lump sum Guaranteed Death Benefit) will be considered as the default payout option:

- a. Payout option 1 – lump sum Guaranteed Death Benefit - 100% of the Guaranteed Death Benefit will be paid as lump sum.
- b. Payout option 2 – monthly income - monthly payment for a fixed period of 10 years starting from the next monthly anniversary following the date of intimation of death ("Payout Period") shall be calculated as per the formula below:

$$\text{Monthly Income} = \frac{\text{Guaranteed Death Benefit} \times i}{\left(1 - \frac{1}{(1+i)^{120}}\right) \times (1+i)}$$

Where interest ("i") equals to  $(1 + (\text{Bank Rate} - 1\%))^{\frac{1}{12}} - 1$

For the purpose of the above calculation Bank Rate shall mean the prevailing RBI Bank Rate as declared by the Reserve Bank of India. The monthly income shall be determined basis the prevailing RBI Bank Rate on the date of intimation of death, less 1% p.a. The interest rate will be revised only if the RBI Bank Rate changes by 50 bps or more from the RBI Bank rate used to determine the prevailing interest rate (reviewed on 1st day of every quarter). As the interest rate will be reviewed at the beginning of each quarter, any change in interest rate will be applicable from 1st day of the next quarter to allow sufficient time for making necessary system changes.

- c. Payout option 3 – partial Guaranteed Death Benefit plus part monthly income- If the Claimant chooses this payment option, We will pay the proportion as may be selected by the Claimant of the Guaranteed Death Benefit as lump sum and the remaining Guaranteed Death Benefit would be payable as monthly income.

**Note:** In case monthly payout option has been selected whether under (b) or (c), above then during the Payout Period, the Claimant may commute the outstanding monthly income. In such case We will pay the present value of the outstanding monthly income at the same interest rate used to determine the monthly income.

1.1.3. In case an Accelerated Critical Illness Benefit or Terminal Illness Benefit claim has been paid, then the Guaranteed Death Benefit shall be reduced to the extent of the Accelerated Critical Illness Benefit or Terminal Illness Benefit already paid.

**1.2. TERMINAL ILLNESS BENEFIT**

1.2.1. If the Policy is in force and is not under Reduced Paid Up Mode, then, upon Diagnosis of Life Insured with a Terminal Illness, during the Policy Term, We will pay 100% of the Guaranteed Death Benefit (subject to maximum of Rs. 1 Crore) as accelerated Terminal Illness Benefit to the Claimant. Only one valid Terminal Illness Benefit is payable during the Policy Term and once a Terminal Illness claim is paid, the sum of Guaranteed Death Benefit and Voluntary Sum Assured Top-Up, if opted, will be reduced by the Terminal Illness Benefit paid and the Policy will continue.

1.2.2. The Terminal Illness Benefit does not provide additional benefit but only accelerates the Guaranteed Death Benefit payable under this Policy, subject to maximum of Rs. 1 Crore.

1.2.3. The claim payout under the Terminal Illness Benefit would be made in lump sum only. The Claimant shall not have the options to receive or convert the lump sum claim amount into monthly income

1.2.4. In case the claim against the Terminal Illness has been raised, We may request the Life Insured to undertake a medical examination or test at Our cost, which in Our opinion, is reasonable to determine the Terminal Illness. We shall not accept a claim if the Member does not undertake any medical examination or test which We consider reasonable or necessary to determine the Terminal Illness.

1.2.5. After the payment of the claim in respect of Terminal Illness of the Life Insured, all Premiums (including the Premium for base Policy and optional benefits i.e. Premium Break Option, Joint Life Cover Option and/or Voluntary Sum Assured Top-Up Option) falling due from the date of Diagnosis of Terminal Illness would be waived off and the Policy shall continue till death of the Life Insured or the end of the Policy Term, whichever is earlier. However, in case You have opted for Joint Life Cover Option and the Secondary Life survives on the date of Diagnosis of Terminal Illness of the Life Insured then the Policy will continue till Death or Diagnosis of Terminal illness of the Secondary Life or end of the Policy Term, whichever is earlier.

1.2.6. Accelerated Critical Illness Benefit and Accidental Death benefit shall terminate post Diagnosis of Terminal Illness.

1.2.7. Post the Diagnosis of Terminal Illness of the Life Insured, You are allowed to surrender the Policy in accordance with Clause 1 of Part D.

**1.3. ACCELERATED CRITICAL ILLNESS BENEFIT OPTION**

- 1.3.1. If You have chosen Accelerated Critical Illness Benefit option then upon completion of the Waiting Period and provided the Policy is in force, if the Life Insured is Diagnosed with a specified Critical Illness (as mentioned in the Table below) for the first time during his lifetime, then, We will pay the Accelerated Critical Illness Benefit Sum Assured (“**Accelerated Critical Illness Benefit**”).
- 1.3.2. For the sake of clarity, no Accelerated Critical Illness Benefit will be payable if the Critical Illness is Diagnosed within the Waiting Period. In such case the Accelerated Critical Illness Benefit will terminate and We will only refund the Premium received till the date of death of the Life Insured corresponding to Accelerated Critical Illness Benefit. It may be noted that no Waiting Period shall be applicable if any of the listed Critical Illnesses occurs due to an Accident.
- 1.3.3. The Accelerated Critical Illness Benefit does not provide additional benefit but only accelerates the part of the death benefit payable under this Policy.
- 1.3.4. The Accelerated Critical Illness Benefit is payable only once during the Accelerated Critical Illness Benefit Term and only one valid Accelerated Critical Illness Benefit claim will be admissible and payable under the Policy. However, in case of confirmed Diagnosis of angioplasty, the Accelerated Critical Illness Benefit is limited to Rs. 5 lacs or Accelerated Critical Illness Benefit Sum Assured, whichever is lower, with the remaining Accelerated Critical Illness Benefit (if any) payable on subsequent Diagnosis of any one of the other specified Critical Illnesses. It is clarified that only one claim is admissible due to angioplasty.
- 1.3.5. If the first claim under the Policy is for one of the insured Critical Illness conditions other than angioplasty, then 100% of the Accelerated Critical Illness Sum Assured will be paid and Accelerated Critical Illness Benefit would terminate and no further Critical Illness claim shall be accepted or payable. However, if the first claim under the Policy is for angioplasty, then We will pay the claim on angioplasty as detailed above and the Accelerated Critical Illness Benefit will continue with reduced Accelerated Critical Illness Benefit Sum Assured, if any, for other insured Critical Illness conditions.
- 1.3.6. Upon payment of 100% of the Accelerated Critical Illness Benefit Sum Assured, the Accelerated Critical Illness Benefit will terminate and Premium payment on account of Accelerated Critical Illness Benefit will cease. Accordingly, future Premiums payable under the Policy will reduce proportionately in accordance with the following formula and the Policy will continue till Maturity Date with reduced Guaranteed Death Benefit and other benefits (if any), provided the Policy is in force and all applicable Premiums are paid in full. It is clarified that in case of payment of an angioplasty claim, the Premium shall not change, unless it terminates the Accelerated Critical Illness Benefit itself.

***Premium on account of base Sum Assured x (reduced base Sum Assured post payout of Accelerated Critical Illness Benefit Sum Assured claim) / (base Sum Assured chosen at inception)***

- 1.3.7. Unless otherwise provided under this Policy, the amount of the Accelerated Critical Illness Benefit payable under the Policy is chosen by You and cannot be changed throughout the Policy Term. In the event You have not opted for the Accelerated Critical Illness Benefit at the time of proposal, We may offer the same at a later date during the Premium Payment Term, subject to Our Underwriting Policy and remaining Policy Term being 10 years or more.
- 1.3.8. You may at any time during the Policy Term choose to opt out of/discontinue the Accelerated Critical Illness Benefit, upon which, the total Premium to be paid will be reduced by the Accelerated Critical Illness Benefit Premium and only the Premium corresponding to the death benefit or Riders/optional benefits (if any) will continued to be payable. It is clarified that once Accelerated Critical Illness Benefit is discontinued, the Accelerated Critical Illness Benefit cannot be again opted for.
- 1.3.9. The Accelerated Critical Illness Sum Assured will always be paid as a lump sum benefit.
- 1.3.10. Subject to Clause 1.3.7 above, the Accelerated Critical Illness Benefit option can be chosen anytime during the Policy Term, however:

Provisions regarding policy not being called into question in terms of Section 45 of the Insurance Act, 1938, as amended from time to time are as follows: **1.**No Policy of Life Insurance shall be called in question on any ground whatsoever after expiry of 3 yrs from a. the date of issuance of policy or b. the date of commencement of risk or c.the date of revival of policy or d. the date of rider to the policy, whichever is later. **2.**On the ground of fraud, a policy of Life Insurance may be called in question within 3 years from a.the date of issuance of policy or b.the date of commencement of risk or c.the date of revival of policy or d. the date of rider to the policy, whichever is later. For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which such decision is based. **3.** Fraud means any of the following acts committed by insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy: a.The suggestion, as a fact of that which is not true and which the insured does not believe to be true;b. The active concealment of a fact by the insured having knowledge or belief of the fact; c.Any other act fitted to deceive; and d.Any such act or omission as the law specifically declares to be fraudulent. **4.**Mere silence is not fraud unless, depending on circumstances of the case, it is the duty of the insured or his agent keeping silence to speak or silence is in itself equivalent to speak. **5.**No Insurer shall repudiate a life insurance policy on the ground of fraud, if the insured / beneficiary can prove that the misstatement was true to the best of his knowledge and there was no deliberate intention to suppress the fact or that such mis-statement of or suppression of material fact are within the knowledge of the insurer. Onus of disproving is upon the policyholder, if alive, or beneficiaries. **6.**Life insurance Policy can be called in question within 3 years on the ground that any statement of or suppression of a fact material to expectancy of life of the insured was incorrectly made in the proposal or other document basis which policy was issued or revived or rider issued. For this, the insurer should communicate in writing to the insured or legal representative or nominee or assignees of insured, as applicable, mentioning the ground and materials on which decision to repudiate the policy of life insurance is based. **7.**In case repudiation is on ground of mis-statement and not on fraud, the premium collected on policy till the date of repudiation shall be paid to the insured or legal representative or nominee or assignees of insured, within a period of 90 days from the date of repudiation.**8.**Fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer. The onus is on insurer to show that if the insurer had been aware of the said fact, no life insurance policy would have been issued to the insured.**9.**The insurer can call for proof of age at any time if he is entitled to do so and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof of age of life insured. So, this Section will not be applicable for questioning age or adjustment based on proof of age submitted subsequently.

#### Section 38 - Assignment and Transfer of Insurance Policies

Assignment or transfer of a policy should be in accordance with Section 38 of the Insurance Act, 1938 as amended from time to time. The extant provisions in this regard are as follows: **1.** This policy may be transferred/assigned, wholly or in part, with or without consideration. **2.** An Assignment may be effected in a policy by an endorsement upon the policy itself or by a separate instrument under notice to the Insurer. **3.** The instrument of assignment should indicate the fact of transfer or assignment and the reasons for the assignment or transfer, antecedents of the assignee and terms on which assignment is made. **4.** The assignment must be signed by the transferor or assignor or duly authorized agent and attested by at least one witness. **5.** The transfer or assignment shall not be operative as against an insurer until a notice in writing of the transfer or assignment and either the said endorsement or instrument itself or copy thereof certified to be correct by both transferor and transferee or their duly authorised agents have been delivered to the insurer. **6.** Fee to be paid for assignment or transfer can be specified by the Authority through Regulations. **7.** On receipt of notice with fee, the insurer should Grant a written acknowledgement of receipt of notice. Such notice shall be conclusive evidence against the insurer of duly receiving the notice. **8.** If the insurer maintains one or more places of business, such notices shall be delivered only at the place where the policy is being serviced. **9.** The insurer may accept or decline to act upon any transfer or assignment or endorsement, if it has sufficient reasons to believe that it is a. not bonafide; b. not in the interest of the policyholder; c. not in public interest; or d. is for the purpose of trading of the insurance policy. **10.** Before refusing to act upon endorsement, the insurer should record the reasons in writing and communicate the same in writing to policyholder within 30 days from the date of policyholder giving a notice of transfer or assignment. **11.** In case of refusal to act upon the endorsement by the insurer, any person aggrieved by the refusal may prefer a claim to IRDAI within 30 days of receipt of the refusal letter from the insurer. **12.** The priority of claims of persons interested in an insurance policy would depend on the date on which the notices of assignment or transfer is delivered to the insurer; where there are more than one instruments of transfer or assignment, the priority will depend on dates of delivery of such notices. Any dispute in this regard as to priority should be referred to the Authority. **13.** Every assignment or transfer shall be deemed to be absolute assignment or transfer and the assignee or transferee shall be deemed to be absolute assignee or transferee, except a. where assignment or transfer is subject to terms and conditions of transfer or assignment OR b. where the transfer or assignment is made upon condition that i. the proceeds under the policy shall become payable to policyholder or nominee(s) in the event of assignee or transferee dying before the insured; or ii. the insured surviving the term of the policy. Such conditional assignee will not be entitled to obtain a loan on policy or surrender the policy. This provision will prevail notwithstanding any law or custom having force of law which is contrary to the above position. **14.** In other cases, the insurer shall, subject to terms and conditions of assignment, recognize the transferee or assignee named in the notice as the absolute transferee or assignee and such persona shall be subject to all liabilities and equities to which the transferor or assignor was subject to at the date of transfer or assignment; b. may institute any proceedings in relation to the policy; and c. obtain loan under the policy or surrender the policy without obtaining the consent of the transferor or assignor or making him a party to the proceedings. **15.** Any rights and remedies of an assignee or transferee of a life insurance policy under an assignment or transfer effected before commencement of the Insurance Laws (Amendment) Act, 2015 shall not be affected by this section.
